LILIAN WEIKERT GARCÍA - JOINT RESEARCH CENTRE, EUROPEAN COMMISSION SCIENCE HUB

Lilian Weikert García is a mathematician and landscaper by training. In 2012 she co-founded the Espacio RES foundation, which promotes the creation of entrepreneurial social innovation projects, in Seville, Spain. She is also a partner at LaPlasita - culture projects, which develops training activities in creativity, critical thinking and other transversal skills. With RES and LaPlasita, she has organised the "Wanted" entrepreneurship and creativity workshop since 2014, an interdisciplinary workshop to promote entrepreneurial competences through the EntreComp competence framework. She currently collaborates with the "Human Capital and Employment" unit of the Joint Research Centre (JRC) in Seville in the SELFIE project of digital education, and in EntreComp. She is a co-author of the EntreComp Playbook.

EntreComp Europe is co-funded by the COSME programme of the European Union. Find out more on the project website www.entrecompeurope.eu. You can also find us on social media.
